

D-Glucose Solution (Dextrose Solution), 250 g/L

Description

Catalogue No.	BSGS01 / 01F
Storage:	+2Â°C to +8Â°C
Categories	Biochemical / Buffer
	D- (+)-Glucose Solution (Dextrose Solution), contains the common natural sugar D- (+)-Glucose and is involved in processes such as energy production, glycosylation and formation of glycans that provide structure to cells.
Description	<p>D- (+)-Glucose or Dextrose, is used as a supplement for cell cultures and in numerous cellular processes and molecular biology applications.</p> <p>This solution is supplied at a glucose concentration of 250 g/L.</p> <p>The product listed herein is for research use only and is not intended for the diagnosis field. The international literature is also constantly updated, it is best to confirm with us by email before ordering. The product listed herein all was produced by our laboratory. If you have any other requirements, please email us, to get your wanted product information.</p>
